

TEST REPORT

TEST REPORT NO: A10526429001

REPORT DATE: 26/03/2026

Customer Information:

Customer Name : ALMANAHIL ALMALAKIYA GENERAL TRADING

Customer Address : ad

Sample Information:

Sample Name : Slder Honey

Brand : N.M

Origin : N.M

Batch No. : N.M

Net Weight : N.M

Container Type : Glass

Barcode : N.M

Sample Receiving Date : 25/03/2026

Sample Source : Private Sector

Product Date : N.M

Expiry Date : N.M

Sample Receipt Condition : Liquid (+25 to +30)°C

Chemical Analysis

Analysis Start Date: 25/03/2026

Analysis End Date: 26/03/2026

S.No	Parameter	Results	Unit	Reference Limit		Uncertainty	Analyte References	Methodology/ Procedure No
				Min	Max			
1	*Fructose, Glucose and Sucrose by HPLC							
	Fructose	33.21	g/100g	-	-	-	Requested parameter	HPLC/FB-CHO-AD-015
	Glucose	24.78	g/100g	-	-	-	Requested parameter	HPLC/FB-CHO-AD-015
	Sucrose	3.57	g/100g	-	5.000	-	UAE.S 147/ 2019	HPLC/FB-CHO-AD-015
	Total Reducing Sugars	57.99	g/100g	60	-	3.40	UAE.S 147/ 2019	HPLC/FB-CHO-AD-015

Test method variations = NO

Comments:

The sample is compliant according to (UAE.S 147/ 2019) .

Disclaimer:

- 1 This asterisk (*) indicates ENAS accredited tests.
- 2 This asterisk (**) mark the tests that have been sub-contracted.
- 3 This asterisk (***) indicates the working sheet should be read in conjunction with test report.
Any comment / interpretation or opinion expressed above under "Comments" is based upon the laboratories interpretation of overall tests -results and background information known to it at the time of analysis. It does not fall under any part of the accreditations and such comments are offered as advice only. QCC shall not be held liable for any consequential impact or damages which may be incurred by the customer as a result of how the customer chooses to act upon that advice.
- 4
- 5 This Test Report shows results which relate only to the items tested and should not be used for any commercial purpose (such as external promotions or advertising trade interest in the quality of products tested). Prior written approval from QCC is expressly required should the customer wish to represent this report in any format bearing the QCC brand for any purpose other than the internal needs of the Customer. Failure to adhere to this Disclaimer renders the customer liable for further action from the QCC including imposition of financial penalty.
- 6 This report is signed with an electronic signature under compliance of the quality system.
- 7 Any complaint or inquiry on test / report raised **within 10 days** of results /report issuance.
- 8 **N.M:** Not Mentioned; **N.D:** Not Detected, **M=** Max, **m=** Min
- 9 'mg/kg' or 'mg/L' is equivalent to 'ppm', 'µg/kg' or 'µg/L' is equivalent to 'ppb'
- 10 Result displayed in Red color indicates Out-Spec/Failed result.
- 11 Whenever uncertainty is reported, the reported expanded uncertainty is based on a standard uncertainty multiplied by a coverage factor k= 2, providing a coverage probability of approximately 95%, unless otherwise specified.
